Making Holidays Brighter: Partnering for Food Security in New Jersey

During the 2024 Thanksgiving season, we joined forces with Interfaith Food Pantry of the Oranges (IFPO) to bring holiday joy to our neighbors in need. Through our collaborative effort, we helped provide complete holiday meal bags filled with all the essentials - from turkeys to traditional sides and cooking staples.

On November 27th, 2024, IFPO successfully distributed these holiday bags and contributions from other community partners, reaching 1,057 individuals. Each bag contained not just food, but hope - carefully packed with turkey, rice, beans, milk, and seasonal spices to ensure families could prepare holiday meals.

This initiative exemplifies our commitment to addressing food insecurity in our community, one family at a time. Working alongside dedicated partners like IFPO, we're helping to ensure that no neighbor goes hungry, especially during the holidays when the warmth of a shared meal means so much.
